## MOUNTED OFFICER **CHASES AUTOMOBILE**

Mounted Patrolman Convers Rides After Speeding Chauffeur and Lands Him-Thirteen Arrests & Noon.

Horsestesh vs. gasoline. A test of this kind was made this morning and the horse won. It happened in connection with the war being made by Chief of Police Barlow and his men against reckless drivers, and Mounted Patrolman Conyers was the hero of the occasion, while Mr S. Sharman, a local automobile man, was one of the many victims hauled to believe headquarters and made to deposit 12 for their appearance in court on the charge of exceeding the speed limit. It is expected that before night vehicles from go-carts to coul wagons will be dragged to police headquarters. Up to neen there were 13 arrests for violation of the ordinace and twice that many will undoubtedly be booked before night.

#### "H" CLUB PLANS DANCE.

A party will be given at the High school on the night of Jan. 15, under the auspices of the "H" club. Members of the society met yesterday to discuss matters pertaining to the function, and decided to issue 200 tickets, to be disposed of by students. The proceeds will be devoted to the fund for boys' football pins. Decorating will be done by members of the club. Hanging from the ceiling will be seen the 27 trophy balls won by the school in past seasons. The matter of refreshments will be looked after by a committee composed of the following: Will Goodspeed, Penton Howard, R. Corps and Matt Gallacher, these having been appointed by President Mercer Scott.

#### AMUSEMENTS.

Theater—The first performance of "The Wolf," the new play by the author of "Paid in Full," goes on at the theater tomorrow night.

Whitney Hall—The final rendition of "Confusion" by the Homo Dramatic club occurred at Whitney hall last evening before a packed audience, many people being turned away unable to obtain admission. The hearty demonstrations of welcome which the old members of the club received on the opening night, were fully repeated last night, and the general vote was one of enthusiasm over the revival. The two night's receipts will net a handsome sum for the Whitney hall building fund.

Orpheum—Heavy business is characterizing this week's bill at the Orpheum, and the favor bestowed on the headliners is relied on to break the box office records before the week is out.

Colonial—The merry musical offering "The Flower of the Ranch" will run out the week and will be followed by the "Girl of the Golden West," Belasco's big success, as tweek.

Grand—The bill tonight remains a inixture of vaudeville and melodrams, with the Scott company and the Swedish slogers and dancers as the leading

New Manager—John Held, the well known director of the military band carrying his name, has been appointed by Pelton & Smutzer as manager of the Grand theater. An announcement made by Mr. Held is to the effect that negotiations with the "White Rats of America" have been nearly completed. America" have been nearly completed, whereby vaudeville acts at popular prices will be offered. Mr. Heid also announces that his house will cater to every demand which may be made upon it. If his patrons want vaudeville ville, burlesque or other form of en-tertainment, he promises to meet the request. Beginning Jan II, the "White Rats" will provide the acts, the week beginning on that date offering Cun-ning as the headliner in his handcuff

#### NO JUVENILE COURT.

Although today is, according to established custom the day of the week tablished custom the day of the week upon which juvenile officaders against the peace and dignity of the state, are supposed to stand in tear and trembling before the bar of the juvenile court the rule is not operative, and a respite till Saturday is afforded the youngsters who were to have appeared for hearing this morning. This is due to the fact that the juvenile court commission, which meets this afternoon, has taken no action in the matter of appointing a juvenile judge. All offices connected with the juvenile court expired with the old year.

#### ASKED TO ARREST CAT.

Woman Phones Police Headquarters To Remove Feline from Roof.

Strange indeed, are the demands frequently made upon the police department by citizens in various parts of the ment by citizens in various parts of the city. Sometimes a father or mother demands the presence of bluecoats to restrain a refractory child; sometimes to collect a bill; sometimes to help move a piano; not infrequently to shut off the water and often to settle some trivial family dispute, but the request that came this morning from a woman residing at 344 south First West is really about the limit.

Tinges returned to the telephone and needly said: meekly said:
"Madam, we think if you will be patient everything will be all right, and when the cat gets hungry it'll come down itself, maybe."
There was a snort of indignation and defiance that nearly cracked the receiver as the incident closed.

# INCREASED DANGER OF FIRES CAUSES COMMENT

Electric Wiring and Lack of Proper Water Supply in Center of Blocks Need Remedy.

Manager Karl A. Scheld of the Pacific board of fire underwriters for this district declares that the ab-normally large blocks in this city are becoming more and more congested each year, as the centers are built up, thus developing a hazard of block configurations, largely offsetting the benefit derived from the wide streets. Mr. Scheid holds that each block in the business district is becoming a fire breeder, particularly as there are no means of fighting fires except from the streets, and much valuable time is lost in dragging hose around into the interiors of blocks in case of fire. the interiors of blocks in case of fire, to say nothing of the loss of 5 per cent pressure in 300 ft of hose. Then, besides, inferior buildings are allowed to go up that ought never to be permitted. Attention is also called to exposed rear and side window openings in buildings which should be protected by metal clad shutters or wire mesh glass in metal frames; while little provision is made for protection in the matter of fire proof elevator shafts, or automatic traps for floor openings, and boxing of stairways. Mr. Scheid also believes electrical connections are very bad, with no ordinance providing for proper installanance providing for proper installa-tions, while the stovepipe ordinance is ignored. The building ordinance is ignored. The building ordinance is imperfect, and in the past has not been enforced. He further states: "The ordinance for regulating the storage and handling of explosives, volatile oils and other high inflammables is very crude. Overhead wires for power, light and telephone service still endanger the lives of firemen and hinder them in their work. Distributing mains are badly corroded, reducing their capacity by at least 20 per cent. The system is full of dead ends, and the pipe, in some instances, of inadequate size."

To correct these unfavorable conditions, Mr. Scheld renews the recommendations made in his November let-

mendations made in his November let-ter to the mayor, and summarized in the Christmas "News:"

"I. That reservoirs, with an aggre-gate capacity of five days' supply for domestic and fire purposes be con-structed and connected with the grid-ten system by duplicate mains of fron system by duplicate mains of ample capacity.

# JUVENILE COURT IS WITHOUT QUARTERS

City Merely Permits the Use of the Offices in the Municipal Side of Joint Building.

When the new juvenile court commision meets this afternoon for the first time to consider matters pertaining to that institution, one of the first things time to consider matters pertaining to that institution, one of the first things that will occupy its attention will be the providing of suitable quarters for the court, which, at the present time really has no place for the transaction of its business in this district.

The reason for this is to be found in the fact that the building is the joint property of the city and county, and that the state offices occupied therem are rented. The juvenile court, be-

that the state offices occupied therein are rented. The juvenile court, being a state institution, has been a tenant on the city side of the building, as was said by Mayor Bransford yesterday, without paying rent. The city gave the juvenile court its offices for which the state has paid no rent, and last Thursday the arrangement came to an end, so that the juvenile court has been remaining there on sufferance since, with some indications that the city will ask its removal.

Mayor Bransford, in speaking of the matter, said:

#### DISCUSS PURE FOOD.

Yesterday afternoon there was a meetin the office of State Food and Dairy Commissioner John Peterson, between many representatives of meat dealers, and those of the two packing houses, the Ogden Packing company and the Citah Packing company, and the commissioner. The meeting was called for the purpose of improving the conditions of the business generally, and especially of arriving at a better method of inspecting meat than now prevails. As the first result of the meeting, a committee of seven, the exoffice head of which is Mr Peterson, was selected to formulate plans for the inspection of meat both before and after killing. There will be a meeting this afternoon between the commissioner and a committee of dairymen and butter dealers the object of which is to secure better sanitation laws as applied to the dairies.

In Competitive Preliminary Prior to Choosing Team to Meet Colorado On Galveston Plan.

Considerable interest is being manifested in the annual John R. Park de bate which occurs on Thursday evening at 8 o'clock at the assembly room Museum building, University of Utah This event is really a competitive tryout to choose teams for the coming debate with the University of Colorado. It will be an open meeting and the public is cordially invited to be pres-

ent.

The question to be debated this year is: "Resolved, That the Galveston plan of municipal government is preferable to the prevailing forms of city government." This question, which is foremost in the minds of thousands of citizens of the United States at this time, has been selected by the Utah debaters and they will defend the affirmative side against the University of Colorado at Boulder some time during the middle of February, the exact date to be decided by Colorado university.

The teams selected for Thursday

The teams selected for Transactive evening are:

Affirmative—James Carlson, Frank Johnson, Ralph Hartley and C. L. Parry, alternate.

Negative—Richard W. Young, Jr., Edward Watson, Ernest Burgess and Lloyd E. Hamren, alternate.

The judges will include Judge Frick, Judge Straup, T. D. Lewis, Dean Cummings, Prof. Bennlon and Prof. Roberts. Prof. Fred W. Reynolds acts as moderator.

The Bulletin of the university is out and ready for mailing. It is in the nature of an extended letter to the public. It touches much more broadly than do the regular catalogues, such matters as the organization of the university, its advantages for study, and gives most space to consideration of needful expenses and possible earnings of students, and to conditions of university life. The purpose of the pamphlet is to be of service to students who intend to secure a higher education and who need encouragement and help in planning their work.

With the beginning of the next half

With the beginning of the next half year the Girls' Gymnasium club will select the line-up for the Alpha and Omega basketball teams and the first game is set for Feb. 1. Under the coaching of E. J. Milne and Miss Louise De Laney an abundance of good material is due to be developed. Miss Edwards, captain of the Alpha team, states that in another week she will have her line-up chosen and will be ready to defend the championship which the Alphas now hold. With the beginning of the next half

In another week or so the girls of the Alpha basketball team of 1998 will startle the college people by appearing on the campus in their new sweaters. The new sweater coats ordered from A. G. Spalding are of dark red similar in color to the football sweaters. In the lower left side is to be woven a large pocket with the word Alpha in white letters diagonally across. These coats will be the niftlest costumes ever seen worn by a U co-ed.

The senior class of the University of Utah met yesterday and discussed the subject of costumes and pins for graduation period. The gowns and hoods will be trimmed the same as last year, each class to have a different colored hood. A block "U" set with pearls will be the design of pins. For the arts the "U" will be surrounded by pearls while hammers will adorn the ones worn by the engineers. The gowns and hoods will cost \$10.25 each, and the pins \$5.50 each.

Preparations for the junior promenade are going on steadily. The wiring of the gymnasium room will begin Friday, and that completed, the booths will be put in place. In all 11 booths will be decorated.

"For the junior party to be given Jan. 15, invitations are being issued. The following have been named as patrons of the function: Gov. and Mrs. William Spry. President and Mrs. J. T.
